WORK EXPERIENCE

Web Development Intern A2Z Infotech Pvt. Ltd.

07/2022 - 01/2023, Ahmednagar, India A2Z Infotech - IT Industry and Training Institute, Ahmednagar

As part of my work at NIRMAL DAIRY & AGRO PRODUCTS, I focused on enhancing the Service page of their website, implementing a responsive design to improve user experience across different devices and screen sizes. Additionally, I successfully created a responsive design for the website of Yuva Spoorthi Prathisthan, prioritizing mobile accessibility and delivering an engaging user interface.

SKILL

Proficient in React.js and JavaScript
Knowledge of HTML, CSS, and front-end development principles
Familiarity with version control systems (e.g., Git)
Strong problem-solving and analytical abilities
Excellent communication and teamwork skills

PROJECTS

MINISHOP

(E-Commerce Website) (11/2022 - 12/2022)

 <https://fackeshope.netlify.app/>

Fakestoreapi.com is a mock RESTful API designed for testing and educational purposes. It allows developers to simulate an e-commerce platform and perform CRUD operations on various endpoints, including users, products, orders.

Technology:-

HTML, CSS, Bootstrap, Javascript, JSX, axios, react, redux

TODO LIST (03/2023)

A TODO List is a simple React project that allows users to create and manage a list of tasks they need to complete. The project typically includes a form for users to add new tasks, the ability to mark tasks as complete or incomplete, and the option to delete tasks.

Technology:- HTML, CSS, JAVASCRIPT, BOOTSTRAP, REACT.JS.

Resume build (website) (04/2023 - Present)

Resume Build is a website for creating professional resumes and cover letters. It offers customizable templates, easy-to-use interface, and options to import LinkedIn profiles. Users can create polished and industry-specific resumes, which are available for a free trial. Different subscription plans provide access to more features, designs, and support.
