Objective:- To work in a challenging and dynamic environment where I can hone my dexterities for developing my career and for the growth of the organisation.

Experience :-

I am a hardworking, highly proficient IT professional with about 2 years of experience and a real passion for mobile application development. I have gained an in-depth understanding of the iOS mobile platform. Having helped develop a series of commercially successful apps on iOS Mobile, I am seeking a new opportunity that will allow me to further expand on these skills.

Summary :-

- Knowledge of Swift 4 language for iOS App development.
- Proficiency with Xcode IDE and iOS SDK.
- Experience of working with sub versioning tools viz Git.
- Basic knowledge of C/C++ language and object oriented programming.
- Hands on experience of MVC and MVVM architecture
- Integration with Facebook, Twitter, Google Plus, LinkedIn.
- Worked on Protocols, Delegates, and Core Location for the apps.
- Ability to communicate clearly and effectively, both oral and written.
- Possess excellent analytical, creative, problem solving and designing skills.
- Working with Storyboard and Xib.
- Experience in Auto layouts and size classes as well as in Auto resizing.
- Experienced to work in a team and under high pressure situations as well.

Companies worked with:-

- Adactour India Pvt Ltd [Sept'19 - Present]
- Techugo India Pvt Ltd [Jun'19 - Aug'19]
- Positive Post Of India [Aug'18 - May'19]
- Vallabh Solutions [Mar'18 - Jul'18]

Projects:-

The Selector: The selector is a cricket based app. People can check out latest updates on their favourite matches and cricketers. It has features like participate in live quiz, vote for their favourite player and so on. [\[Live\]](#)
