## Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2021	Bachelor of Science	Dayanand Science College, Latur, Maharashtra.	78.57%
2018	Intermediate (Class XII)	Mahesh Jr College, Shirur Tajband, Maharashtra.	68.62%
2016	Matriculation (Class X)	Marathwada Vidyalaya, Chera, Maharashtra	79.0%

## Internship and Certifications

**Newton School** | Newton School Coding Bootcamp

February 2022 - September 2022

- Full Stack Web Development and Problem Solving
- Technical Stack Learnt: HTML, CSS, JavaScript, React
- Participated in various coding competitions held by Newton School
- Worked on various projects

## Projects

**imdb clone** | Newton School ([link](#))

December 2022 - January 2023

Features :

- In this app we can see the Popular, Top Rated and Upcoming movies.
- It has a slideshow of latest movies on the homepage & a loading skeleton is being used for immersive user experience.

Tech Stacks Used : React js

My Contribution : In this website, an API is being used to get details of the corresponding pages and filling the elements in the page. User can switch to popular/top rated/upcoming movies pages which is handled by react router without refreshing the page

**Keeper App** | Newton School ([link](#))

August 2022 - September 2022

Features:

- It is an application which helps to planning a daily schedule
- Add notes, Delete notes
- Conditional rendering

Tech Stacks: HTML, CSS, JavaScript, React Js

My Contribution:

- React hooks applied
- Filter method used to delete notes
- Properties used for passing data

**Alarm Clock in Javascript** | Newton School ([link](#))

July 2022 - August 2023

Features :

- It has a responsive UI
- We can set specific time on clicking on set alarm button
- We can clear the set time using clear alarm button

Tech Stacks Used : HTML, CSS, JavaScript

My Contribution :

- It is a 12 hour clock and on specific time it will make sound
- If we try to set alarm without select time it will give us an alert message

**Currency Converter** | Newton School ([link](#))

July 2022 - July 2022

Features:

- Exchange the amount of currency from one country to another
- Real time API

Tech Stacks: HTML, CSS, JavaScript

My Contribution:

- Fetching information about the current rates of currency
- Alert message on particular condition

Features:

- It has responsive UI
- There is one header which is fixed, So we can access any section by clicking on section name

Tech Stacks: HTML, CSS

My Contribution:

- Used CSS properties to make UI beautiful and responsive
- Specified all my skill, education, experience etc. in different sections

---

Skills

Computer languages	Java, CSS, HTML, JavaScript
Software Packages	React
Additional Courses Taken	Data Structure
Soft Skills	Communication Skills, Leadership, Teamwork, Responsibility

---

Co-Curricular Activities

- Participated in various coding competitions hosted by Newton School.
- During graduation participated in National Service Scheme (NSS) camp as a volunteer.
