PROFESSIONAL SUMMARY

As a fullstack developer with 2.5 years of experience, I have a strong foundation in both front-end and back-end development. I am proficient in programming languages such as JavaScript, HTML, CSS, and have experience working with frameworks such as React, Node.js, MongoDB and Express. I am skilled in developing and deploying scalable web applications, creating responsive user interfaces, and implementing RESTful APIs.

EXPERIENCE

Perpetualblock AG — Software Engineer

Jan 2022 - PRESENT

- Developed and implemented APIs for the Artbanx project using Node Express and Mongoose, enhancing overall functionality and performance.
- Created UI pages utilizing ReactJS in the Artbanx project, improving user experience and interface.
- Engineered an advanced query parser for optimized search functionality in the Artbanx project, resulting in improved search accuracy and efficiency.
- Designed and constructed a report system in the Artbanx project, producing multiple reports tailored to specific client requirements using MongoDB queries and RabbitMQ, facilitating the identification of data bugs.
- Spearheaded the development of a significant portion of APIs for the Driven project using Node Express and Mongoose, ensuring seamless integration and functionality.
- Integrated the frontend and backend components in the Driven project using Axios and implemented state management with Redux, enhancing overall performance and

SKILLS

- Strong Knowledge of CSS, HTML, Javascript.
- Experience React with State management Context Api and Redux.
- Experience in Bootstrap, Material UI and Antd frameworks
- Build Restful API using Express and Node
- Experience in MongoDB queries.
- Integration Frontend to Backend using fetch and axios.
- Software development
- Responsive Design
- Requirements gathering

EDUCATION

Ballarpur Institute of Technology, Chandrapur — B.E. in Computer Science

2021

AWARDS

Quarterly based appreciation in Perpetualblock technology.

PERSONAL INFO

Strength: Hardworking, Self-Motivating

user interactions.

- Assumed full responsibility for project deliverables and consistently maintained reusable code, fostering efficiency and collaboration within the development team.

Language: English, Hindi, Marathi

DOB: 20-07-1997

Marital Status: Unmarried

Hobbies: Playing Outdoor Games

Softgrowth Infotech, Chandrapur — *Front-end Developer*

July 2020 - Dec 2021
