2 YEAR OF EXPERIENCE

MERN stack Develoepr

At TechMET Solution FEB 2023- Present

Working as a MERN stack developer at techMET Solution can be a rewarding and challenging experience. The MERN stack stands for MongoDB, Express.js, React, and Node.js, which are popular technologies for building modern web applications

React Develoepr

At Smart Hub, Oct 2021

As a React developer working on a smart hub project, my experience has been both exciting and challenging. The project involved developing a user-friendly web application that served as the central control hub for various smart home devices and appliances. Using React, I found myself captivated by the flexibility and efficiency it offered in building dynamic and interactive user interfaces.
