ABOUT ME

To deliver peak level performance through continuous evolvement of my knowledge and abilities and applying the same to bring outstanding benefits to my organization as a software developer.

WORK EXPERIENCE

Android Developer

Capgemini Pvt. Ltd. | Present

As a software developer at Capgemini Pvt. Ltd. I get to do really interesting stuffs. As I am a team player, one of my favourite thing is organising open discussion meetings with the whole team and finding the best solution for complex problems. For me its all about visualising the problem and finding and applying the best solution to it.

Having 2.11 years of experience in Design, Development, Integration and Implementation of Mobile development.
