

## CAREER OBJECTIVE

Intend to build a career with committed and dedicated people, which will help me to explore myself fully and realize my potential. I am willing to work as a key player in challenging and creative environment which will help both me and corporate to move ahead.

## SUMMARY

- Total 3+ years of experience as a UI/UX Designer.
- Hands on expertise in HTML5, CSS3, Bootstrap3.0, Adobe Photoshop, Illustrator, CorelDraw, Balsamiq, and Adobe XD.
- Worked on Web and Mobile App User Interface designing, Making Websites Responsive, Designing Illustrations, Brand Logos, etc...
- I'm working on website and mobile app design since may 2015 starting with CorelDraw, Illustrator, and Photoshop. Step by step I've worked my way to learn HTML/CSS, Bootstrap, Responsive websites, Interface design, UXD practices, and other design skills.
- As a detail-oriented individual with a passion for excellence, I adept at listening to the client's needs, then analyzing and implementing the best-designed solution. I have been involved in various projects in UI Design for mobile applications. I have designed a wide range of forward-thinking user interface applications, which have all improved user experience and this has aided my proficient knowledge in the process and responsibilities.
- Specialties: User Research, Information Architecture, Wire-framing, User Flows, and Journeys, Mobile & Web App Design, Balsamiq, AdobeXD, Photoshop, Illustrator.
