Profile

To secure a challenging position in a leading industry that recognizes and rewards excellence in teamwork and provides opportunities to further my education and expand my skill set. With a post-graduate degree from CDAC, I have developed a strong foundation in software development and possess expertise in various programming languages and frameworks.

Education

PG-DAC (C-DAC), Institute of Advanced Computing and Software Development, Pune

SEPTEMBER 2022 — MARCH 2023

Acquired Percentage - 63%

B-TECH, Sanjay Ghodawat University, Kolhāpur

JUNE 2018 — MARCH 2022

- I have graduated with a 79.5% from Sanjay Ghodawat College, Kolhapur in 2022.
- Completed and passed C language Bootcamp course.

HSC, Sri chaitanya academy, Hyderabad

JUNE 2016 — MARCH 2018

 Pursued HSC Exam with a score of 94.8% from Sri Chaitanya Academy in the Science stream.

SSC, KD High School Pusad, Pusad

JUNE 2015 — MARCH 2016

• I have passed my SSC Exam with a score of 92.2 % from KD High School

Strengths

- 1. Proven ability to quickly adapt to new environments and technologies,
- 2. Effective leader with a collaborative approach to teamwork.
- 3. Skilled in facilitating communication and problem-solving among team members to achieve project goals.

Academic Project

Pizza-Zone, (PG-DAC)

FEBRUARY 2023 — MARCH 2023

Platform:- SpringBoot, React, MySQL.

- Designed and developed a fully functional pizza delivery website, featuring an intuitive ordering system, real-time tracking, and secure payment processing.
- Implemented a Spring Boot-based image handling system that enables efficient storage, retrieval, and manipulation of images.
- Successfully integrated the validation system into the project, resulting in improved security and user experience, while also reducing the likelihood of data breaches and other security risks.

Maintaining the data in Aircrafts load and trim sheet, (B-Tech)

OCTOBER 2021 — APRIL 2022

Platform :- Load and Trim Sheets.

- Compliance with legal requirements and adherence to strict safety protocols is essential in ensuring the structural integrity of an aircraft during loading operations.
- Proper weight distribution and management of the Centre of Gravity within specified limits are crucial factors.
- By ensuring meticulous planning and precision execution of loading operations, we can guarantee the safety and stability of the aircraft.
