EXPERIENCE

TECHPROCOMPSOFT PVT. LTD.
Software Intern
Dates 14 Jan. 2019 – 18 July 2019
I am a frontend developer. Working on mobile app development in ionic framework and web app development.

PROJECTS

AddAdvertisement - This is a website which is made using angular.

Luckymela Application - This is Ecart application made on Ionic Framework. I did front-end development in this app.

Kids Learning Application - This is kids application for kids up to 3 years in which they can learn the alphabet, numbers, colors, etc. This was my standalone project.

Nearly Restaurants – This is an android application which is made using Zomato API in which we can find the near restaurants.

Weather Forecast – An android application which is made using weather API in which we can see the weather of anyplace at any time.
