About Me

Highly motivated and dedicated Software Developer with a strong foundation in programming and a passion for creating innovative software solutions. Recently graduated with a Bachelor' degree . eager to apply theoretical knowledge and gain practical experience in a challenging software development role.
Possesses excellent problem-solving skills, a keen eye for detail, and a strong commitment to continuous learning and professional growth.

Project

PROJECT (No Parking Msg Sender in NODE JS)
2023– Present

- I led a project to send 'No Parking' messages to inform individuals of parking restrictions in designated areas. ·
- Through this project, I gained valuable experience in project management, communication.
- I also developed my problem solving skills.
- This allowed us to quickly identify and address any issues and ensure that the parking restrictions were being followed.

Achievements

JavaScript , Bootstrap and Php	Certification Done Udemy Paltform
JAVA	Certification Done Udemy Paltform
HTML 5 and CSS	Certification Done Udemy Paltform
