About Me

Creative and experienced full stack developer with a solid background in designing and developing innovative websites via JavaScript, React, Redux, HTML, CSS, Bootstrap, Tailwind CSS, NodeJS, Express, MongoDB, etc. Strong understanding of UI/UX designs. Looking forward to opportunities that can bring challenges and learnings to leverage and hone skills.

Professional Experience

Software Development Engineer Level-I
Scogo Networks Pvt Ltd | May 2022 - Present

Areas of responsibilities:
- Collaborated with cross-functional teams to design, develop, and implement new features and functionality.
- Designed and developed dynamic and interactive web pages using front-end technologies such as React, Redux, JavaScript, HTML, CSS, etc.
- Communicated with back-end developers to troubleshoot and resolve any front-end related issues
- Collaborated with the UI/UX design team to assess the technical feasibility of design concepts and translate them into functional user interfaces.

Projects
